W E L C O M E

Policing in America has experienced constant change over the past few years, in particular with the implementation of the community policing concept. Likewise, the demands on peace officers have been changing as they develop new skills with which to maintain order, enforce the laws, and serve an ever-changing society. The Missouri State Highway Patrol's Training Division has recognized that the increased scrutiny of the public, the media, and the courts has demanded increased training to raise our level of professionalism, not only in general patrol and investigative duties, but in the areas of cultural awareness, leadership skills at all levels, and the self-management of one's career, including the selection of training programs that each peace officer may attend.

We extend an invitation to law enforcement personnel to attend our Academy. Some of the courses provided through this curriculum book have been developed and improved over time, others are more recently implemented to reflect current needs. College credit hours and Peace Officer Standards and Training (POST) continuing education hours are available for most courses we provide. All of our training programs have taken countless hours of research and were prepared by our dedicated team of instructors and support staff. Our staff is dedicated to promoting the police profession through education. All courses are subject to change based on enrollment and instructor/classroom availability.

The Missouri State Highway Patrol Law Enforcement Academy's primary mission is to provide superior police science and administrative training in a quality learning environment to all students who attend. Staff priorities are: Care, Courtesy, Innovation, and Professionalism. We are committed to excellence in law enforcement training. The Missouri State Highway Patrol Law Enforcement Academy is a Missouri Department of Public Safety, POST-certified facility. Please contact us for any of your law enforcement training needs.

J. D. BIRAM, Captain
Training Director

GENERAL INFORMATION

This book lists and describes the basic and advanced courses offered by the Law Enforcement Academy for 2004. The basic courses provide the information needed to understand and to utilize the concepts and techniques of the various subjects presented. The advanced courses build on the basic courses and may require prerequisites. A certificate is presented to each student who successfully completes a course of instruction at the Academy.

Many of the courses require physical participation which may range from defensive tactics training to field training projects. The applicants certify that they can fully participate in the named course and that the State of Missouri, the Department of Public Safety, the Missouri State Highway Patrol, and any of their employees are released from any and all liability as a result of any injury or disability incurred by the applicant while a student at the Law Enforcement Academy.

In accordance with civil rights legislation and Missouri law, it is the policy of the Law Enforcement Academy not to discriminate in training programs or activities. Student applications are accepted regardless of race, creed, color, religion, national origin, sex, age, or disability.

DRESS CODE

Students attending classes in the Administration Building are permitted to dress in casual attire. Normally, blue jeans are acceptable if they are free of holes and present a professional appearance. While in the Academy Administration Building, students and guests of students will not wear tank tops; T-shirts; shorts; inappropriately lettered, stamped, painted, or embroidered coats or jackets; etc. Students who wish to use the physical fitness facilities should wear white-soled, non-marking athletic shoes. Variations in the dress code must be approved by the training director or his representative.

The department uniform, or a business suit if the student has no uniform, will be worn for graduation and class pictures.

APPLICATION

An application is provided with this booklet. Copies of the application are acceptable or may be obtained from the Academy office. Enrollments are reserved in the order the applications are received. A reservation will not be made until the application has been properly filled out and received at the Academy. If a school is filled when an application is received, the agency will be notified. The student must reapply for a subsequent school unless advised otherwise. Individuals applying to attend all schools at the Law Enforcement Academy must be employees of a criminal justice agency. Their application must be signed and approved by the head of a law enforcement agency.

Inquiries about applications should be made during normal business hours to the telephone number listed below. Normal business hours are Monday through Friday, 7:30 a.m. to 4:30 p.m. Applications may be mailed or faxed to:

**Missouri State Highway Patrol
Law Enforcement Academy
Post Office Box 568
Jefferson City, MO 65102

COURSE DESCRIPTIONS

Course titles, course dates, prerequisites, course descriptions, continuing education hours, availability of college hours, and names of course coordinators are included on all course descriptions.

Continuing education hours were valid at the time this curriculum was printed; however, they are subject to change. Meals are provided to all students in our Academy cafeteria and the cost of providing those meals is included in all on-campus courses.

Many Academy courses are conducted at a reduced cost due to partial federal funding. Only Missouri-certified peace officers are eligible for the partial funding. Qualifying officers will automatically be enrolled at the lower, partially-funded cost if the federal funds have been appropriated and made available. Inquiries regarding the availability of federal funds may be directed to the Academy Registrar at the telephone number below. Members of federal agencies, non-Missouri peace officers, employees of private industry, and private citizens are not eligible for partial federal funding.

Please direct inquiries to the course coordinator. Coordinators can be reached during normal business hours at the telephone numbers listed on each description. Enrollment questions should be directed to the Academy Registrar at (573) 751-3626.

COLLEGE CREDIT

As a result of a cooperative effort between the Missouri State Highway Patrol and Mineral Area College, successful completion of most Academy courses will qualify students for college credit hours. Applications must be completed and submitted at the Academy prior to course completion. Students applying for college credit for the first time must submit a \$15.00 check payable to Mineral Area College for the application fee. The Academy will forward grades to Mineral Area College. Further details and necessary forms will be provided at the time of the training. The following courses have been approved for college credit:

Course Name	Credit Hours
Advanced Crash Investigation	3
Basic Crash Investigation.	2
Basic Criminal Investigation	3
Basic Narcotics Investigation	2.5
Basic Photography	3
Blood Alcohol Content (Type II-Datamaster)	3
Blood Alcohol Content (Type III-Datamaster)	2
Hazardous Waste and Emergency Response for Methamphetamine Laboratories (Clan Lab)	2
Crash Reconstruction	3
D.A.R.E. Junior High	1.5
D.A.R.E. Officer	5
D.A.R.E. Senior High	2
Executive Development	2
Field Training Officer1
Firearms Confrontation2
Firearms Instructor	2
First-Line Supervision	2
Management Development	1
Police Instructor	3
Radar/Laser Instructor	1

CRASH INVESTIGATION PROGRAMS

Advanced Crash Investigation	16
Basic Crash Investigation	17
Commercial Vehicle Crash Investigation	18
Crash Reconstruction	19
Crash Reconstruction Retraining	20

ADVANCED CRASH INVESTIGATION

May 17 through May 28

Two Weeks

Prerequisite: The successful completion of Basic Crash Investigation or an equivalent course.

Course Description: This school is an intense two-week course which focuses on the development of the student's skills in gathering evidence at the scene of a crash and the fundamentals of vehicle dynamics. The concepts of time, distance, and the conservation of momentum are covered in detail.

Advanced Crash Investigation provides the student with investigative techniques in technical areas including obtaining drag factors, proper use of the Northwestern Traffic Template, photographing the crash scene, and working with formulas to determine speed estimates from skids, scuffs, falls, and vaults. The students will also learn how to prepare scale diagrams and develop field survey techniques for determining intersection angles, slopes, grades, and curve radii.

Who Should Attend: This course is designed for peace officers and individuals responsible for investigating motor vehicle crashes.

Cost: \$219.00 - tuition, meals, and lodging
\$139.00 - tuition and meals
\$575.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$365.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 36 hours of Technical Studies
12 hours of Skill Development

Mineral Area College Credit: 3 hours

Coordinator: Sergeant Geoffrey L. Borlinghaus
(573) 751-9940

BASIC CRASH INVESTIGATION

April 19 through April 23

Five Days

Prerequisite: A basic understanding of algebraic functions is required to work the formulas taught.

Course Description: This Basic Crash Investigation School is designed to give the student the necessary skills to conduct a traffic crash investigation. The course features instruction in the collection and preservation of evidence, speed calculations from skidmarks, field sketching, and diagramming. Special emphasis is placed on use of the traffic template, determination of drag factors, minimum speed and combined speed formulas, analysis of physical facts of the collision, and marks left on the roadway. This course will assist the student in formulating accurate opinions on how the collision occurred.

The instructors will provide training to the students through lectures and field exercises which demonstrate practical applications of the course material. Basic Crash Investigation gives the student the foundation to advance to more technical levels of crash investigation.

Who Should Attend: This course is designed for peace officers and individuals responsible for investigating motor vehicle crashes.

Cost: \$105.00 - tuition, meals, and lodging
\$ 65.00 - tuition and meals
\$275.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$170.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 25 hours of Technical Studies
6 hours of Skill Development

Mineral Area College Credit: 2 hours

Coordinator: Sergeant Geoffrey L. Borlinghaus
(573) 751-9940

COMMERCIAL VEHICLE CRASH INVESTIGATION

May 3 through May 7

Five Days

Prerequisite: The successful completion of Advanced Crash Investigation or an equivalent course.

Course Description: This course is intended for the crash investigator with little or no knowledge in commercial vehicle nomenclature. Detailed mathematical problems will be presented in dealing with commercial motor vehicle crashes.

Course topics will include tractor-trailer nomenclature, types of tractor-trailer combinations, brake systems, brake inspection, trailer coupling devices, log books, complete vehicle inspection, jackknifing, off-tracking, hydroplaning, rollover, vehicle dynamics in braking, weight shift, practical exercise inspections, and vehicle testing.

The instructors provide training to students through lectures and field exercises which demonstrate commercial vehicle dynamics, braking capabilities and skidmarks, and equipment.

Who Should Attend: This course is designed for peace officers and individuals responsible for investigating commercial motor vehicle crashes.

Cost: \$131.00 - tuition, meals, and lodging

\$ 65.00 - tuition and meals

\$345.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)

\$170.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 27 hours of Technical Studies
6 hours of Skill Development

Mineral Area College Credit: None

Coordinator: Sergeant Geoffrey L. Borlinghaus
(573) 751-9940

CRASH RECONSTRUCTION

September 13 through September 24

Two Weeks

Prerequisite: The successful completion of an advanced crash investigation course.

Course Description: Many trained peace officers have difficulty getting their crash investigation findings admitted into court. This course is designed to help overcome this difficulty by enabling a well-trained peace officer to qualify as an expert and give expert testimony in a court of law relative to the causation factors in motor vehicle traffic crashes. Crash reconstruction instructors provide training to students through lectures, projects, and in-depth analysis of actual collisions. A student who successfully completes this course will be able to give expert testimony in the following areas:

- Speed of vehicles at impact using conservation of linear momentum
- Behavior of vehicles in a collision using Newton's three laws of motion
- The effect of weight shift in braking involving large trucks and buses, including truck-tractor/semi-trailer combinations
- The effect of anti-skid braking systems in stopping distances and braking action
- The determination of direction of travel, initial contact, and position of vehicles on the roadway through the interpretation of vehicle damage and the analysis of at-scene marks and evidence.

Who Should Attend: This course is designed for peace officers and individuals responsible for investigating motor vehicle crashes.

Cost: \$339.00 - tuition, meals, and lodging

\$259.00 - tuition and meals

\$890.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)

\$680.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 60 hours of Technical Studies
8 hours of Skill Development

Mineral Area College Credit: 3 hours

Coordinator: Sergeant Geoffrey L. Borlinghaus
(573) 751-9940

CRASH RECONSTRUCTION RETRAINING

September 1 through September 3

Three Days

Prerequisite: The successful completion of the Missouri State Highway Patrol's Crash Reconstruction School or an Institute of Police Technology and Management (IPTM) Crash Reconstruction School.

Course Description: This course is designed to cover the latest trends and technology in the field of crash reconstruction. The curriculum will include topics covered in the most recent Problems in Crash Reconstruction Seminar held at the IPTM, Jacksonville, Florida, and requested topics from Missouri State Highway Patrol crash reconstructionists. The school is structured to sharpen the student's skills in the field of crash reconstruction.

Who Should Attend: Any crash reconstructionist who meets the course prerequisite and wants to stay abreast of current developments in this field or sharpen previously learned skills.

Cost: \$ 63.00 - tuition, meals, and lodging
\$ 39.00 - tuition and meals
\$165.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$102.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 16 hours of Technical Studies

Mineral Area College Credit: None

Coordinator: Sergeant Geoffrey L. Borlinghaus
(573) 751-9940

CRIMINAL INVESTIGATION PROGRAMS

Basic Crime Scene Investigation	22
Basic Criminal Investigation	23
Basic Narcotics Investigation	24
Hazardous Waste and Emergency Response for Methamphetamine Laboratories (Clan Lab)	25
Hazardous Waste and Emergency Response for Methamphetamine Laboratories (Clan Lab) Re-Certification	26
Looking Beyond the Traffic Stop	27

BASIC CRIME SCENE INVESTIGATION

May 31 through June 4

Five Days

Prerequisites: Basic Law Enforcement Training

Course Description: This program features the methodology and application of innovative techniques in the processing of crime scenes. Topics include the development and effective preservation of physical evidence, evidence documentation, and practical application through field exercises.

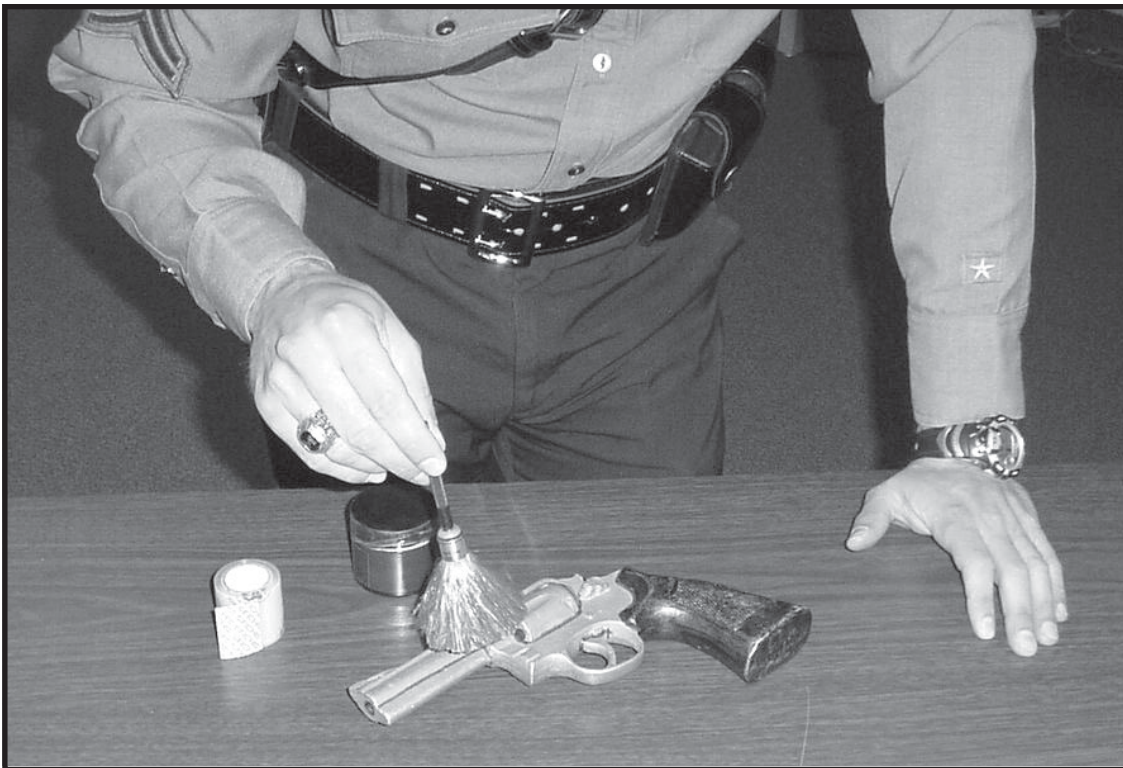

Who Should Attend: Criminal investigators or officers charged with the duty of processing crime scenes.

Cost: \$315.00 - tuition, meals, and lodging
\$210.00 - tuition and meals

Continuing Education Hours: 18 hours of Technical Studies
4 hours of Skill Development

Mineral Area College Credit: None

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

BASIC CRIMINAL INVESTIGATION

February 23 through February 27

Five Days

Prerequisite: Basic Law Enforcement Training

Course Description: This program provides in-depth instruction in the process and techniques that apply to all aspects of criminal investigation. Topics include basic crime scene investigation, handling evidence, investigative resources, search/seizure issues, and interviews and interrogations.

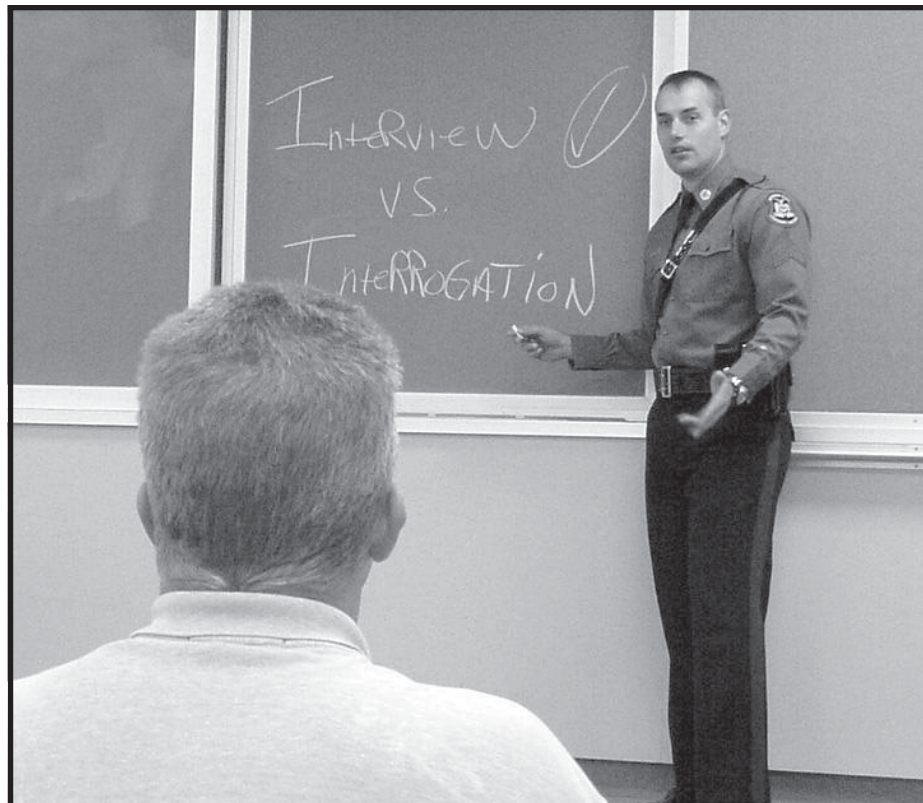

Who Should Attend: Recently-assigned investigative officers and officers from smaller departments that require an officer to manage criminal investigations from beginning to end. Patrol officers involved with, or interested in, criminal investigation should also attend.

Cost: \$275.00 - tuition, meals, and lodging
\$170.00 - tuition and meals

Continuing Education Hours: 21 hours of Technical Studies
5 hours of Legal Studies

Mineral Area College Credit: 3 hours

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

BASIC NARCOTICS INVESTIGATION

October 18 through October 22

Five Days

Prerequisite: Applicants must be full-time, commissioned peace officers. The Missouri State Highway Patrol reserves the right to refuse applications.

Course Description: Veteran narcotics/vice investigators will present an overview of narcotics investigation and undercover operations. Topics will include use and control of confidential funds, informants, and investigative techniques.

Who Should Attend: Criminal investigators, narcotics/vice investigators, officers interested in a career development program in narcotics or vice.

Cost: \$275.00 - tuition, meals, and lodging
\$170.00 - tuition and meals

Continuing Education Hours: 31 hours of Technical Studies
3 hours of Legal Studies
2 hours of Interpersonal Perspectives

Mineral Area College Credit: 2.5 hours

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

HAZARDOUS WASTE AND EMERGENCY RESPONSE FOR METHAMPHETAMINE LABORATORIES (CLANDESTINE LAB)

May 3 through May 7
June 7 through June 11
July 19 through July 23
September 20 through September 24

Five Days

Prerequisites: Students will be required to participate in practical exercises which may be physically strenuous. All participants must submit a signed medical release form from a physician (obtained at either their own or their employer's expense) and their employer before attending this training. Students will not be allowed to have beards or facial hair that would preclude them from wearing a self-contained breathing apparatus. Federal law requires peace officers to attend this training before they enter or dismantle methamphetamine laboratories.

Course Description: Through lecture and practical exercises, students will be certified to enter and dismantle clandestine methamphetamine laboratories. Unlike past training courses, the respiratory protective gear, air monitoring equipment, and other supplies will be provided on a limited basis to only those agencies that qualify. The training is presented in conjunction with the Missouri State Highway Patrol, the Missouri Department of Natural Resources, and the U.S. Environmental Protection Agency.

Who Should Attend: Those law enforcement officers involved in the investigation of clandestine methamphetamine laboratories.

Cost: \$275.00 - tuition, meals, and lodging
\$170.00 - tuition and meals

Continuing Education Hours: 26 hours of Technical Studies
11 hours of Skill Development

Mineral Area College Credit: 2 hours

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

HAZARDOUS WASTE AND EMERGENCY RESPONSE FOR METHAMPHETAMINE LABORATORIES (CLANDESTINE LAB) RE-CERTIFICATION

November 16, 2004 - Kirkwood, Troop C
November 17, 2004 - Rolla, Troop I
November 18, 2004 - Jefferson City, Troop F
December 7, 2004 - Poplar Bluff, Troop E
December 8, 2004 - Willow Springs, Troop G
December 9, 2004 - Springfield, Troop D
December 10, 2004 - Springfield, Troop D
January 4, 2005 - Macon, Troop B
January 5, 2005 - St. Joseph, Troop H
January 6, 2005 - Lee's Summit, Troop A

One Day

Prerequisites: Students must have completed the Hazardous Waste and Emergency Response for Methamphetamine Laboratories (Clandestine Lab) or a similar training course. Participants will be required to bring their self-contained breathing apparatus and air purifying respirator to the training course. All participants should be currently participating in a medical monitoring program through their employers. Federal law requires law enforcement officers to complete eight hours of health and safety related recertification training on an annual basis in order to maintain their original certification to enter or dismantle methamphetamine laboratories.

Course Description: Through lecture and practical exercises, students will be re-certified to enter and dismantle clandestine methamphetamine laboratories. The training is presented in conjunction with the Missouri State Highway Patrol, the Missouri Department of Natural Resources, and the U.S. Environmental Protection Agency.

Who Should Attend: Those law enforcement officers involved in the investigation of clandestine methamphetamine laboratories.

Cost: No fee for course
\$40.00 for continuing education credits

Continuing Education Hours: 6 hours of Technical Studies
2 hours of Skill Development

Mineral Area College Credit: None

Course Registration: Contact Mr. Eric Lindeman at (913) 432-9961 or www.training.ene.com/meth.

Coordinator: For general questions and additional course information, contact Mr. Brad Harris, Missouri Department of Natural Resources, (573) 526-4794

LOOKING BEYOND THE TRAFFIC STOP

April 7 through April 9
May 19 through May 21
June 30 through July 2

Three Days

Prerequisites: Applicants for this training must be full-time, commissioned peace officers.

Course Description: This course will make officers more effective in identifying and intercepting criminal activity during traffic stops. The course focuses on case law, search and seizure technique, indicators of criminal activity, officer safety, and effective documentation of subsequent arrests in reports as they pertain to traffic stops. The desired outcomes of this training are increased criminal arrests arising out of traffic stops and prosecution resulting in convictions for those arrests.

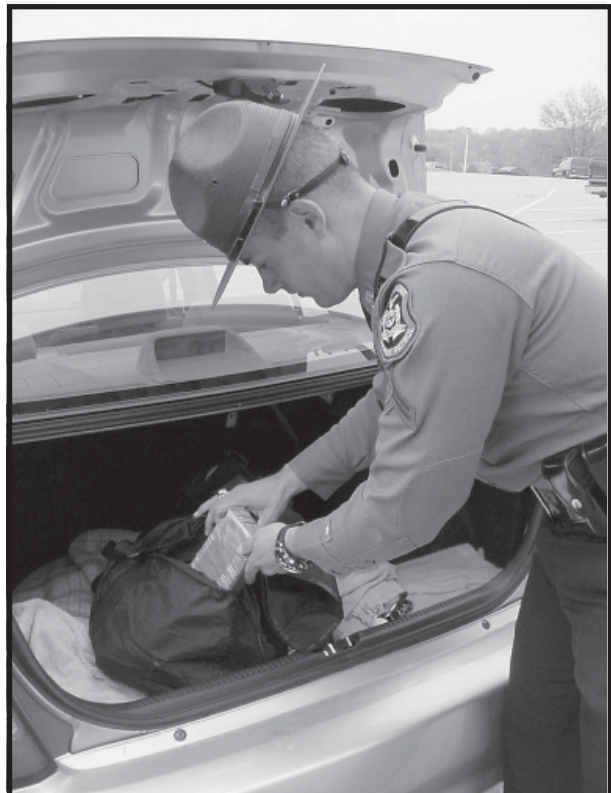

Who Should Attend: Experienced traffic officers who demonstrate an interest in detecting criminal activity while conducting traffic stops.

Cost: \$ 69.00 - tuition, meals, and lodging
\$ 39.00 - tuition and meals
\$180.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$102.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 12 hours of Technical Studies
3 hours of Interpersonal Perspectives
3 hours of Skill Development
1 hour of Legal Studies

Mineral Area College Credit: None

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

D.A.R.E. PROGRAMS

D.A.R.E. Officer Training	30
D.A.R.E. Junior High Training	31
D.A.R.E. Senior High Training	32
D.A.R.E. Curriculum Update Training	33

DRUG ABUSE RESISTANCE EDUCATION (D.A.R.E.) OFFICER TRAINING

February 8 through February 20
September 27 through October 8
November 7 through November 19

Two Weeks

Prerequisite: Applicants are required to be full-time commissioned peace officers and must also have at least two years of street experience as commissioned officers or have been granted a waiver. Retired officers, part-time officers, and reserve officers (as long as commissioned) would qualify to teach D.A.R.E.

Course Description: This course is the result of a cooperative effort of the Elementary and Secondary Education Commissioner's Office and the Missouri State Highway Patrol. This course will train an officer to provide drug prevention programs to elementary and junior high/middle school age children with the potential to expand into other areas of the community. An officer going through this training also receives a 6-hour block on D.A.R.E. School Resource Officer. The emphasis of the D.A.R.E. program is to help children recognize and resist the many subtle pressures that influence them to experiment with tobacco, alcohol, marijuana, and other drugs. The long-term goals of the D.A.R.E. program include:

- A more positive identification with peace officers
- Improved decision making in all life situations
- Reducing the demand for drugs
- Reducing overall criminality

Who Should Attend: Officers who are self-motivated to work with children and community leaders should attend. They should possess role model qualities and have made exemplary life choices consistent with the D.A.R.E. program philosophy.

Cost: \$550.00 - tuition, meals, and lodging
\$340.00 - tuition and meals

Continuing Education Hours: 35 hours of Skill Development
27 hours of Technical Studies
11 hours of Interpersonal Perspectives

Mineral Area College Credit: 5 hours

Coordinator: Kristin Daly
(573) 526-3273

D.A.R.E. JUNIOR HIGH TRAINING

August 17 through August 19

Three Days

Prerequisite: Applicants must be certified D.A.R.E. officers with at least two semesters of classroom experience or have been granted a waiver.

Course Description: The emphasis of the D.A.R.E. Junior High/Middle School course is to provide or reinforce the information and skills which enable students to resist pressure and other influences in making personal choices. In addition, the lessons focus on helping students manage feelings of anger and conflict resolution without the use of violence, alcohol, or other drugs. The instruction consists of a series of 10 lessons on social skills and violence prevention strategies to be taught cooperatively by the officer and the classroom teacher.

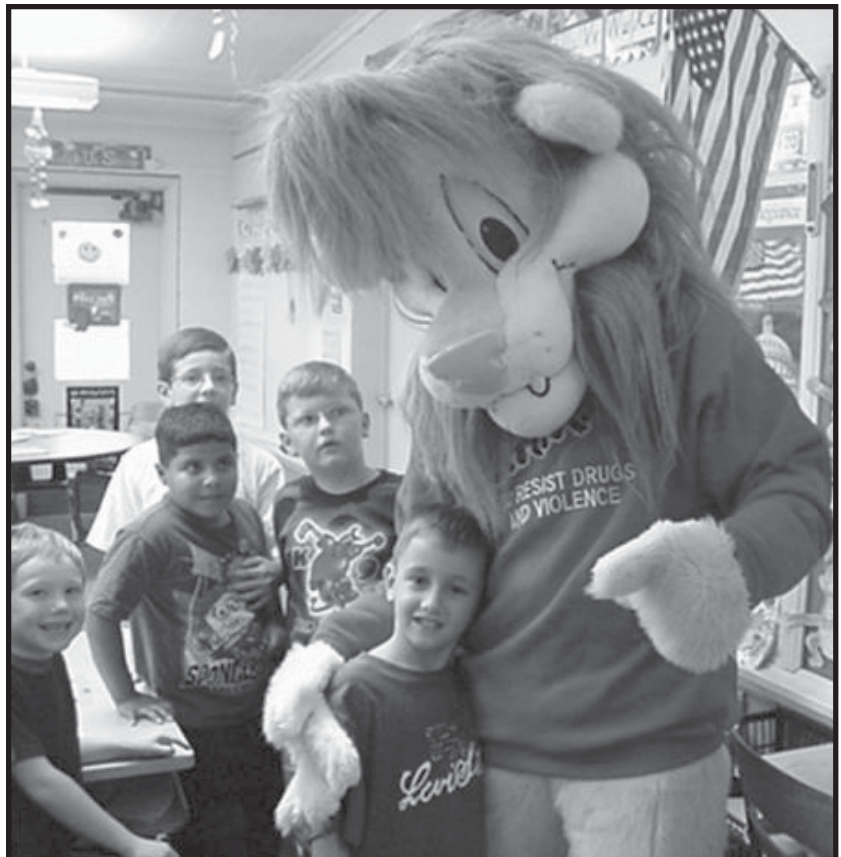

Who Should Attend: Any active D.A.R.E. officer who meets the prerequisites

Cost: \$165.00 - tuition, meals, and lodging
\$102.00 - tuition and meals

Continuing Education Hours: 14 hours of Technical Studies
7 hours of Skill Development
1 hour of Legal Studies

Mineral Area College Credit: 1.5 hours

Coordinator: Kristin Daly
(573) 526-3273

D.A.R.E. SENIOR HIGH TRAINING

June 15 through June 17

Three Days

Prerequisite: Applicants must be certified D.A.R.E. officers with at least two semesters of classroom experience or have been granted a waiver.

Course Description: Curriculum emphasis is on drug abuse and its effect on our communities and young people. This course reinforces the information and skills students need to enable them to act in their own best interest when facing high risk, low gain choices, and helps them recognize the influences which can affect those choices. The students are also taught skills that enable them to recognize and deal with feelings of anger. The program is designed to be taught over an 11-day period by a certified D.A.R.E. officer working together with a high school teacher.

Who Should Attend: Any active D.A.R.E. officer who meets the course prerequisites

Cost: \$165.00 - tuition, meals, and lodging
\$102.00 - tuition and meals

Continuing Education Hours: 13 hours of Technical Studies
6 hours of Skill Development

Mineral Area College Credit: 2 hours

Coordinator: Kristin Daly
(573) 526-3273

D.A.R.E. CURRICULUM UPDATE TRAINING

January 12 through January 13
January 14 through January 15
July 12 through July 13
July 14 through July 15

Two Days

Prerequisite: D.A.R.E. Officer Trained

Course Description: This course will update all current D.A.R.E. officers on the new elementary curriculum as well as the mandatory facilitation training. All current D.A.R.E. officers must have this training by the fall of 2004 to continue teaching the D.A.R.E. program.

In addition, there will be an update block on the new junior high curriculum. Junior high trained officers will need this training in order continue teaching at the junior high level. Also available to D.A.R.E. officers is the School Resource Officer Training. This block is not mandatory but does contain good information and is included at no extra charge.

Each session will begin at 10:00 a.m. on the first day and conclude by 5:00 p.m. on the second day. Depending on which updates you need, those times may change. Contact Kristin Daly for further details.

Who Should Attend: Any D.A.R.E. officer who wishes to continue teaching D.A.R.E.

Cost: \$55.00 - tuition, meals, and lodging

Continuing Education Hours: 4 hours Technical Studies (Facilitation Block)
3 hours Tehcnical Studies (Elementary Update)
3 hours Technical Studies (Junior High Update)
3 hours Interpersonal Perspectives (SRO Block)
1 hour Legal Studies (SRO Block)

Mineral Area College Credit: None

Coordinator: Kristin Daly
(573) 526-3273

INSTRUCTOR DEVELOPMENT PROGRAMS

Emergency Vehicle Operation Course (EVOC) Instructor	36
Firearms Instructor	37
Police Instructor	38
Radar/Laser Instructor	39
Standardized Field Sobriety (SFST) Instructor	40

EMERGENCY VEHICLE OPERATION COURSE (EVOC) INSTRUCTOR

April 26 through April 30
June 14 through June 18

One Week

Prerequisite: Successful completion of Emergency Vehicle Operation Course (EVOC) training.

Course Description: After demonstrating proficiency in defensive driving and crash avoidance techniques, the student will be required to demonstrate an ability to teach the same techniques during role-reversal exercises. Successful completion of this training program will provide students with the necessary qualifications to instruct in the basic peace officer training programs and is recognized by POST as an approved secondary license in the area of driver training.

Who Should Attend: Department driver training instructors or future instructors.

Cost: \$190.00 - tuition, meals, and lodging
\$150.00 - tuition and meals
\$500.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$395.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 34 hours of Skill Development
8 hours of Technical Studies
2 hours of Legal Studies

Mineral Area College Credit: None

Coordinator: Sergeant W. D. (Rusty) Bourg
(573) 751-9941

FIREARMS INSTRUCTOR

May 3 through May 14
August 2 through August 13

Two Weeks

Prerequisite: This is an intensive two-week course designed for experienced shooters and career law enforcement personnel who will be tasked as firearms instructors for their respective agencies. Marginal shooters should not apply for the Firearms Instructor School. This course is not designed to teach an officer how to shoot, but rather how to instruct others to shoot.

Students will be required to fire a handgun and shotgun pre-qualification test on the first day of training. A minimum score of 80% on both qualifications is required for the student to be accepted into the Firearms Instructor School. Chief executive officers of attending students are requested to ensure those students can meet the minimum qualifications. In order to obtain an instructor certificate, students must have a minimum score of 90% on each testing phase (handgun qualifications, shotgun qualification, and final written examination). Prospective students can contact the Academy to obtain a copy of both the handgun and shotgun qualification courses of fire.

Course Description: This is an advanced course that includes instruction on preparing written lesson plans for departmental firing courses, role of the instructor, methods of instruction, firearms liability, firearms/range safety, range procedures, target analysis, indoor handgun qualification, fundamentals of teaching shotgun, outdoor tactical shotgun range exercises/qualification, outdoor tactical handgun courses, and student teaching exercises. In addition, students will receive the eight-hour SURE-FIRE Institute Low Light Conditions Course.

Who Should Attend: Departmentally designated firearms instructors

Cost: \$630.00 - tuition, meals, and lodging
\$420.00 - tuition and meals

Continuing Education Hours: 47 hours of Skill Development
15 hours of Technical Studies
3 hours of Legal Studies

Mineral Area College Credit: 2 hours

Coordinator: Sergeant C. Rod Land
(573) 751-9944

POLICE INSTRUCTOR

March 8 through March 19
August 23 through September 3

Two Weeks

Prerequisite: Basic computer skills

Course Description: This intense, hands-on course is designed to develop both the technical skills required to become a police instructor and the confidence needed to properly instruct a class. This course is certified by POST.

The course objectives of this two-week school are:

- Assist police instructors in understanding and improving their use of techniques and methods of effective instruction;
- Create an awareness and appreciation of the role of police instructors and enable students to recognize the factors which influence learning;
- Develop the instructor's skill in communicating with students;
- Increase the police instructor's efficiency by providing them with knowledge which will enable them to research a subject, define the objectives, organize lessons while selecting the proper methods for presentation, and develop skills in presenting a topic before a class;
- Develop an ability to construct tests that are both valid and reliable in evaluating student progress.

Who Should Attend: This course is designed for, but not limited to, instructors who do not already have extensive classroom experience. Part-time and full-time instructors will gain knowledge and confidence from the course. Each student will present several short (one- to ten-minute) lessons and a one-hour lesson to fellow classmates.

Cost: \$575.00 - tuition, meals, and lodging
\$365.00 - tuition and meals

Continuing Education Hours: 24 hours of Skill Development
17 hours of Technical Studies
6 hours of Interpersonal Perspectives
2 hours of Legal Studies

Mineral Area College Credit: 3 hours

Coordinator: Sergeant D. Tony Flannigan
(573) 526-9948

RADAR/LASER INSTRUCTOR

April 12 through April 16

Five Days

Prerequisite: Radar operation experience

Course Description: This program provides the student with the fundamental knowledge base from which to conduct police traffic radar and/or laser operator courses. Topics include basic concepts of stationary, moving, and same-direction moving radar; general fundamentals of laser operation; practical radar and laser operation; device testing requirements; and legal aspects of radar and laser operation. This course is designed to meet the requirements of the National Highway Traffic Safety Administration (NHTSA) for radar and laser instruction programs. Participants should bring a laser and radar unit, if possible, and must have a minimal working knowledge of the instruments. Upon successful completion of this course, each student will be presented with a Radar/Laser Instructor Certificate.

Who Should Attend: Peace officers needing or desiring a radar/laser instructor certificate.

Cost: \$105.00 - tuition, meals, and lodging
\$ 65.00 - tuition and meals
\$275.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$170.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 14 hours of Technical Studies
5 hours of Skill Development
2 hours of Legal Studies

Mineral Area College Credit: 1 hour

Coordinator: Sergeant Geoffrey L. Borlinghaus
(573) 751-9940

STANDARDIZED FIELD SOBRIETY TESTING (SFST) INSTRUCTOR

August 23 through August 27

Five Days

Prerequisite: Applicants must be graduates of a National Highway Traffic Safety Administration (NHTSA) compliant SFST school, be currently commissioned peace officers, and have at least one year of field experience in the administration of the SFST battery. This is non-waiverable due to the course structure. Students will not be taught how to perform the SFST battery, but rather how to teach others. It is mandatory that students be proficient in conducting the SFST battery prior to enrollment in this course.

Course Description: This is a “train-the-trainer” course. Students will learn how to teach standardized field sobriety testing techniques with emphasis on the three standardized, validated tests. Topics include concepts of adult learning and teaching and the SFST curriculum package. This training complies with the standards set by the National Highway Traffic Safety Administration. Students must pass both a teaching practicum (pass/fail) and a written examination (80%) to fulfill graduation requirements. Graduates will be qualified to conduct SFST training and will be given the resource manuals necessary to do so.

Who Should Attend: Personnel assigned the duties of training officers for DWI enforcement

Cost: \$105.00 - tuition, meals, and lodging

\$ 65.00 - tuition and meals

\$275.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)

\$170.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 18 hours of Skill Development

11 hours of Technical Studies

1 hour of Legal Studies

Mineral Area College Credit: None

Coordinator: Sergeant Scott M. Cummings
(573) 751-9942

MANAGEMENT DEVELOPMENT PROGRAMS

Executive Development	42
First-Line Supervision	43
Management Development	44

EXECUTIVE DEVELOPMENT

December 13 through December 17

Five Days

Prerequisite: First-Line Supervision and Management Development training programs

Course Description: This school focuses on major problems that plague the chief executive officer. Topics include budgeting, management of change, administrative law (ADA, EEO, Title VII, employee drug testing, etc.), the evolution of American policing, policing in the 21st Century, resources available to the police executive, and developing cooperative relationships. The cost for this training includes a textbook, which may be retained by the student at the end of the school.

Who Should Attend: This course is designed for the administrative/management employee of a criminal justice agency.

Cost: \$350.00 - tuition, meals, and lodging
\$245.00 - tuition and meals

Continuing Education Hours: 27 hours of Technical Studies
4 hours of Legal Studies

Mineral Area College Credit: 2 hours

Coordinator: Lieutenant Kathy A. Frazier
(573) 526-4598

FIRST-LINE SUPERVISION

January 26 through February 6
February 23 through March 5
August 2 through August 13
October 25 through November 5

Two Weeks

Prerequisite: None

Course Description: This course is designed to provide the basics in effective supervision to current supervisors or those preparing for the supervisory role. Subject areas include supervisory liability, the personal profile system (DiSC), the supervisory challenge, communication, employee performance appraisal, motivational principles, leadership, planning and decision making, the disciplinary process, ethics, cultural diversity, and case studies.

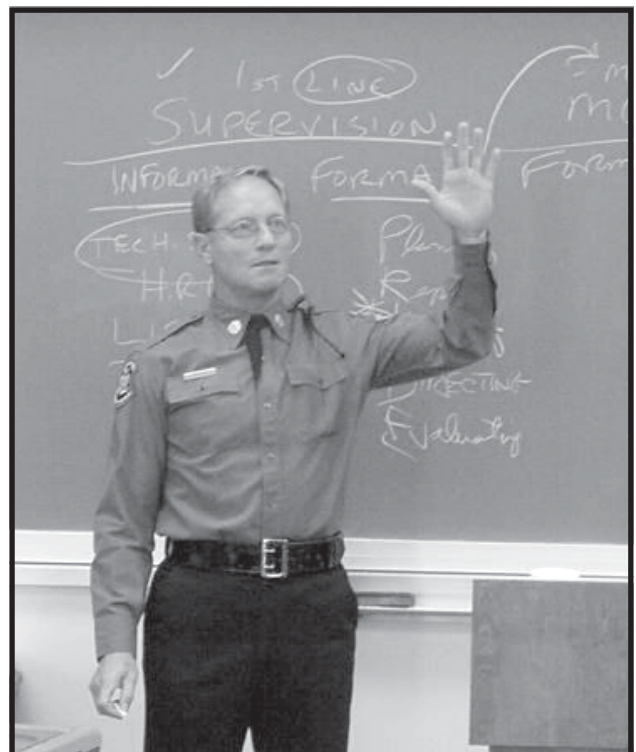

Who Should Attend: The First-Line Supervision School is designed for the newly-promoted or soon-to-be promoted first-line supervisor.

Cost: \$550.00 - tuition, meals, and lodging
\$340.00 - tuition and meals

Continuing Education Hours: 48 hours of Technical Studies
4 hours of Skill Development
9 hours of Interpersonal Perspectives
2 hours of Legal Studies

Mineral Area College Credit: 2 hours

Coordinator: Sergeant W. D. (Rusty) Bourg
(573) 751-9941

MANAGEMENT DEVELOPMENT

May 24 through May 28

Five Days

Prerequisite: First-Line Supervision training program

Course Description: This course is devised to enhance administrative techniques used by managers. Subject matter discussed during this school includes issues in human resource management (ADA, drug testing, legal aspects), assessment centers, sexual harassment, changing paradigms, management styles, media relations and the police, management by objectives (MBO), the One-Minute Manager, staff functions, and techniques in counseling troubled employees.

Who Should Attend: The Management Development School is designed for the middle manager of a criminal justice agency.

Cost: \$285.00 - tuition, meals, and lodging
\$180.00 - tuition and meals

Continuing Education Hours: 19 hours of Technical Studies
6 hours of Interpersonal Perspectives
2 hours of Legal Studies

Mineral Area College Credit: 1 hour

Coordinator: Lieutenant M. Barry Lindsey
(573) 526-4599

TECHNICAL PROGRAMS

Basic Photography	46
Basic Spanish For Law Enforcement	47
Basic Tactical Operators' Course	48
Blood Alcohol Content (Type II - Datamaster)	49
Blood Alcohol Content (Type III - Datamaster)	50
Emergency Vehicle Operation Course (EVOC)	51
Field Training Officer (FTO)	52
Firearms Confrontation.....	53

BASIC PHOTOGRAPHY

March 22 through March 26
August 23 through August 27

Five Days

Prerequisite: Basic Law Enforcement Training

Course Description: Students will be taught hands-on basic camera operation and exposure for color film. Practical exercises will include basic techniques of photographing crime scenes and close-up photography. An evening session will involve surveillance and photographing accident scenes. All exercises will be submitted for critique and evaluation.

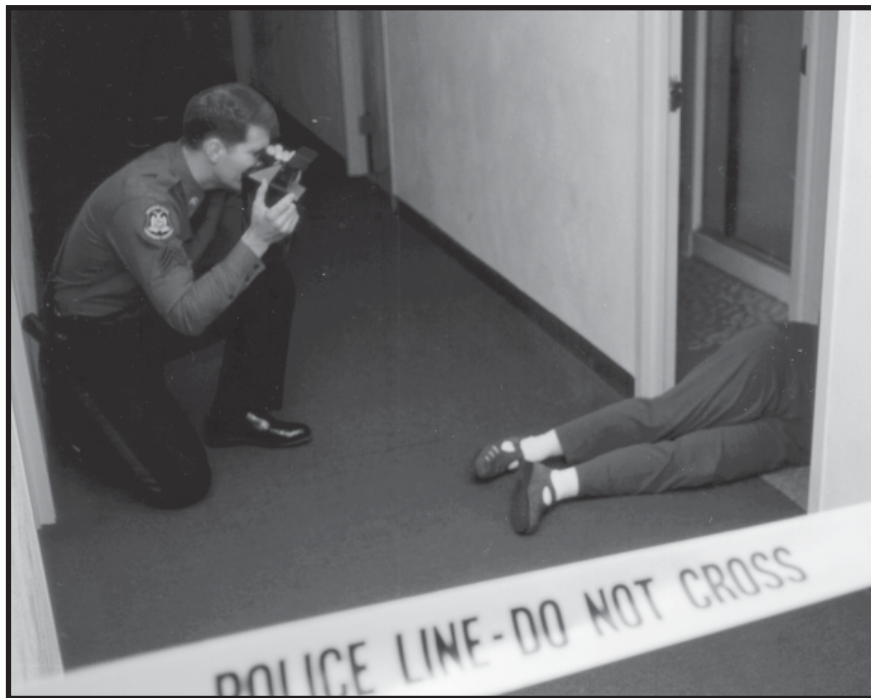

Who Should Attend: This course is designed for law enforcement officials who want to improve their photography skills for police investigations.

Cost: \$355.00 - tuition, meals, and lodging
\$250.00 - tuition and meals

Continuing Education Hours: 15 hours of Technical Studies
10 hours of Skill Development

Mineral Area College Credit: 1 hour

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

BASIC SPANISH FOR LAW ENFORCEMENT

January 27 through January 29
October 12 through October 14
November 22 through November 24

Three Days

Prerequisite: Applicants for this training must be full-time, commissioned peace officers. No prior education/training in Spanish is necessary.

Course Description: This course is designed to teach officers how to communicate in Spanish at a basic level. Emphasis will be placed on learning basic phrases necessary for conducting traffic enforcement contacts, obtaining suspect/witness information, reading or giving Miranda in Spanish, administering field sobriety tests, and giving arrest commands. Additionally, officers will learn various Spanish danger (slang) expressions for improving officer safety. Those attending this training will also be exposed to cultural aspects relative to Spanish customs, events of celebrations, the structure of Spanish names, and the importance of formal Spanish greetings and titles.

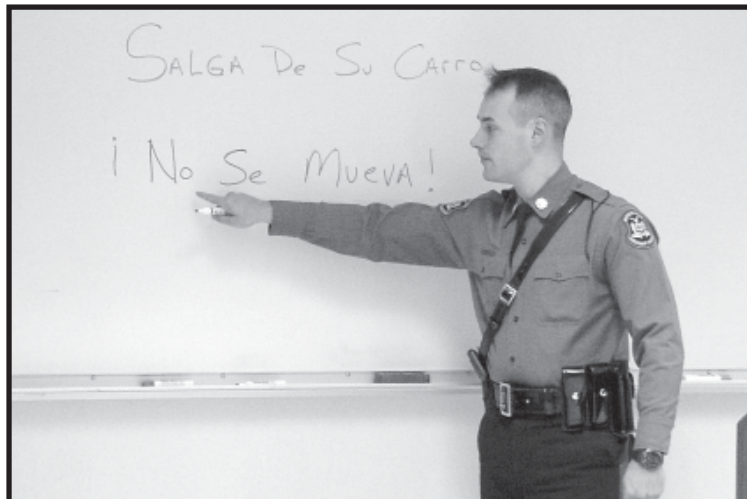

Who Should Attend: Officers with little to no Spanish language training or officers who are looking to improve their existing Spanish language skills.

Cost: \$170.00 - tuition, meals, and lodging
\$107.00 - tuition and meals

Continuing Education Hours: 20 hours of Skill Development
3 hours of Interpersonal Perspectives
1 hour of Legal Studies

Mineral Area College Credit: None

Coordinator: Corporal Kirk A. Davis
(573) 751-9947

BASIC TACTICAL OPERATORS' COURSE

April 19 through April 30

Two Weeks

Prerequisites: Students must be proficient marksmen. A firearms qualification course will be given on the first day of training; students must qualify with a score of 90% or higher on the indoor and outdoor pistol qualification courses and score 17 out of 24 on the shotgun qualification course. **Students failing to qualify will be dismissed from the school.** A copy of the indoor and outdoor course will be supplied to the student upon application.

Course Description: This introductory course will teach potential or current tactical operators the basic techniques needed to operate safely within a tactical team environment. The basic course includes instruction on legal issues, tactical equipment and weapons, less-lethal and diversionary devices, entry into structures and vehicles using stealth and dynamic techniques, breeching techniques, tactical pistol, submachine gun, shotgun, clandestine labs, counter ambush, dignitary protection, tactical medical situations, objective identification, communications, and hostage negotiations.

Who Should Attend: Departmentally designated tactical operators

Equipment: Departmental BDU; tactical boots; Kevlar helmet; entry vest; hydration system; tactical utility belt with a minimum of holster, cuff case, and ammo pouches; departmentally approved handgun; submachine gun; and shotgun. (All other tactical equipment and special weapons will be supplied by the Academy)

Note: Students may opt to have the Academy supply .40 caliber and .223 caliber ammunition at an additional cost. No other caliber of ammunition can be supplied by the Academy.

Students will need 1,000 rounds of pistol and 1,000 rounds of submachine gun ammunition.

Cost: The cost of this course is pending. Please contact the course coordinator for further information.

Continuing Education Hours: 61 hours of Skill Development
17 hours of Technical Studies
2 hours of Legal Studies

Mineral Area College Credit: None

Coordinator: For general questions and additional course information, contact Lieutenant Paul Etheridge, Missouri State Highway Patrol, Troop A Headquarters, Lee's Summit, Missouri, (816) 622-0707, ext. 252

BLOOD ALCOHOL CONTENT (TYPE II – DATAMASTER)

March 30 through April 8

Eight Days

Prerequisite: Applicants must be employed by an agency which has primary ownership/control of a Datamaster. The applicant must be approved by the Department of Health prior to enrollment.

Course Description: This course provides technical information about the physiology and pharmacology of alcohol, Department of Health Rules and Regulations, Missouri statutory and case law regarding driving while intoxicated, and technical training on the Datamaster blood alcohol measurement instrument. This training fulfills the Department of Health requirements for a Type II permit for the Datamaster, enabling the graduate to perform maintenance and make repairs to the Datamaster breath analysis instrument. The Type II graduate is also able to conduct Type III training courses (subject to approval from the Department of Health). This course is divided into two four-day sessions.

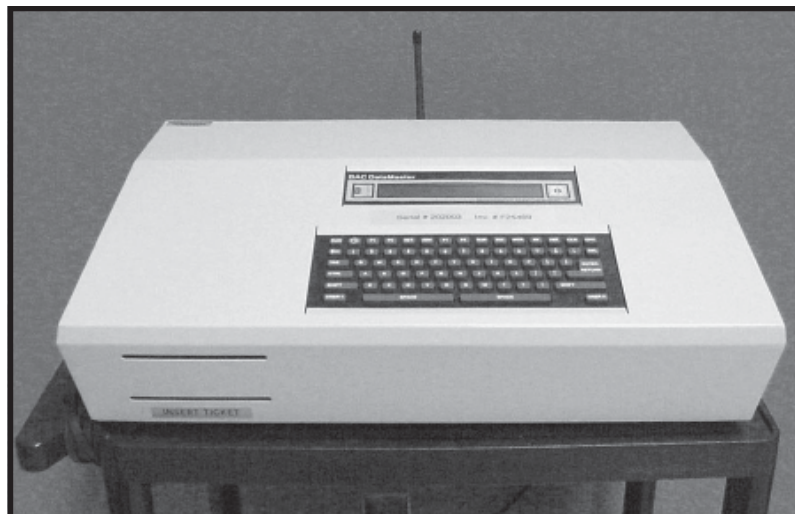

Who Should Attend: Personnel assigned the duties of either departmental Datamaster instrument maintenance or blood alcohol measurement compliance oversight (supervision of Type III permittees).

Cost: \$188.00 - tuition, meals, and lodging
\$115.00 - tuition and meals
\$495.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$301.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 36 hours of Technical Studies
4 hours of Skill Development
7 hours of Legal Studies

Mineral Area College Credit: 3 hours

Coordinator: Sergeant Scott M. Cummings
(573) 751-9942

BLOOD ALCOHOL CONTENT (TYPE III-DATAMASTER)

July 6 through July 9

Four Days

Prerequisite: None

Course Description: This course provides technical information about the physiology and pharmacology of alcohol, Missouri statutory and case law regarding driving while intoxicated, and technical training on the operation of the Datamaster blood alcohol measurement instrument. In addition to classroom instruction, students participate in “hands-on” laboratory training with both drinking and non-drinking subjects. This training fulfills the Department of Health requirements for a Type III permit for the Datamaster, enabling the graduate to operate the instrument for persons submitting a breath sample for chemical analysis.

Who Should Attend: Personnel assigned the duties of operating the departmental Datamaster instrument for persons submitting breath samples for chemical analysis.

Cost: \$ 84.00 - tuition, meals, and lodging

\$ 52.00 - tuition and meals

\$220.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)

\$136.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: To be determined

Mineral Area College Credit: 2 hours

Coordinator: Sergeant Scott M. Cummings
(573) 751-9942

EMERGENCY VEHICLE OPERATION COURSE (EVOC)

April 12 through April 16
May 31 through June 4
September 27 through October 1

Five Days

Prerequisite: None

Course Description: This course begins with classroom instruction on vehicle maintenance, vehicle dynamics, and pursuit liability. The majority of the course involves practical driving exercises to include skid control, evasive driving, and vehicle pursuit techniques. Students will be required to show proficiency in the basic skills exercises before proceeding to the higher speed (pursuit) portion of the course.

Who Should Attend: Those officers wishing to improve their driving skills.

Cost: \$190.00 - tuition, meals, and lodging
\$150.00 - tuition and meals
\$500.00 - tuition, meals, and lodging (federal, private, and non-Missouri agencies)
\$395.00 - tuition and meals (federal, private, and non-Missouri agencies)

Continuing Education Hours: 8 hours of Technical Studies
2 hours of Legal Studies
34 hours of Skill Development

Mineral Area College Credit: None

Coordinator: Sergeant W. D. (Rusty) Bourg
(573) 751-9941

FIELD TRAINING OFFICER (FTO)

December 7 through December 10

Four Days

Prerequisite: None

Course Description: This comprehensive training provides information for the implementation of an effective field training program within a department. The course will cover all aspects of the field training program to include recruit officer orientation, communication, motivation, principles of learning, evaluation, and termination.

Who Should Attend: Those officers assigned as field training officers and those assigned to supervise new officers

Cost: \$220.00 - tuition, meals, and lodging
\$136.00 - tuition and meals

Continuing Education Hours: 8 hours of Technical Studies
7 hours of Interpersonal Perspectives
2 hours of Legal Studies
2 hours of Skill Development

Mineral Area College Credit: 1 hour

Coordinator: Sergeant W. D. (Rusty) Bourg
(573) 751-9941

FIREARMS CONFRONTATION

April 5 through April 9

Five Days

Prerequisite: None

Course Description: Historically, traditional firearms training has not reflected the realities of the street. Our first responsibility is to give the student the skills to survive - both mentally and physically. Students will be given information on the importance of stress inoculation and what can be expected physiologically and psychologically if involved in a deadly force encounter. Range drills will be performed indoors, outdoors, and through force-on-force training scenarios. Students will learn the importance of basic firearms fundamentals in stress-induced drills and will learn how to return fire even though they may have been injured or lost use of their shooting hand. Since 80% of police shootings occur in low light situations, the eight-hour SURE-FIRE Institute "Prevailing in Low Light Conditions Course" is included in this training. It should be noted that this is a physically demanding course requiring running, jumping, calisthenics, and shooting from various positions.

Who Should Attend: Any law enforcement officer supervisor or trainer

Cost: \$325.00 - tuition, meals, and lodging
\$220.00 - tuition and meals

Continuing Education Hours: 18 hours of Skill Development
6 hours of Interpersonal Perspectives
4 hours of Technical Studies
2 hours of Legal Studies

Mineral Area College Credit: 2 hours

Coordinator: Sergeant C. Rod Land
(573) 751-9944

MISSOURI CADET PATROL ACADEMY

June 20 through June 25

One Week

Prerequisite: None

Course Description: This course is sponsored by the American Legion in cooperation with the Missouri State Highway Patrol. The underlying purpose of the Missouri Cadet Patrol Academy is to provide firsthand experience of the role of our law enforcement officers in promoting and safeguarding American freedoms and rights. It is hoped that the young men and women who participate in the Cadet Patrol Academy will develop favorable attitudes toward law enforcement and help disseminate these attitudes throughout the community.

The program consists of a typical week of intensive Patrol recruit training. The week's activities will include classroom instruction in the history of law enforcement, defensive driving, radar, motor vehicle laws, first aid, drug and alcohol abuse, as well as demonstrations of police skills such as personal defense. Organized sports will be a part of the program, as well as tours of criminal justice facilities. Applicants must be physically able to take part in a rigorous physical training program.

The individual sponsorship of a cadet is by the local post of the American Legion. Official application forms, which must be fully completed, may be obtained from your local American Legion Post. All correspondence relating to this program should be addressed to:

Mr. Ferrell Morrow, Project Director
The American Legion
Department of Missouri, Inc.
6301 East 96th Street
Kansas City, MO 64134-1130

Who Should Attend: Qualifications for the program include:

- Age--16 through 18 years of age (must have reached sixteenth birthday by April 1, 2004);
- Applicants must be enrolled in high school and in the upper 50th percentile of their class; and
- Applicants must be of good moral character, present a neat, well-groomed appearance; and
- come highly recommended.
